

Facts for Life

***Each day nearly 7,000
people are newly
infected with HIV
and nearly 6,000
die of AIDS.***

A few well chosen facts can save lives

Please save a life today

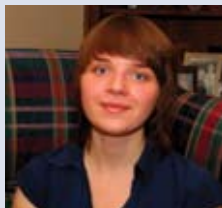

ACET

AIDS Care Education & Training

Registered Charity No 299293

Every 10 seconds another person is infected with HIV.

Each infection is a personal and preventable tragedy. ACET's Facts for Life campaign aims to protect and change lives. Join the church throughout the world as it unites in prayer, giving and practical action; together making a difference.

Emma from Belarus is typical of a new generation of young people. They are growing up in countries where rapid change and erosion of traditional values has left many without clear teaching on sex and relationships and often ignorant of the dangers of HIV and AIDS

The Facts for Life programme

Facts for Life currently offers over 1 million young people a year relevant and clear Christian teaching on sex, relationship and the facts about HIV and AIDS, delivered by volunteers from local churches. We aim

to overcome stigma and ignorance and offer young people information and opportunities to make right and safe choices in their lives.

About ACET

ACET (registered charity No 299293) has been at the forefront of care, education and training for those infected and infected by HIV and AIDS for over 20 years. Our vision is to mobilise churches into a compassionate response to this global pandemic and our prayer is that Facts for Life will encourage you to take your place as part of this global movement.

Facts for Life stories.

The student

My name is Anja, I am 17 years old and live with my parents in a village near Kranj, 20 miles from the capital of Slovenia, Ljubljana.

When I attended an ACET presentation about two years ago I was challenged. I was aware of some basic moral Christian values

but I considered them as just part of culture and nothing to do with today's youth. At the presentation I was touched by the true life stories and the facts about sex and marriage. I remember we discussed it all with friends after that presentation.

With three other friends I then went through a short Bible study programme and that was a turning point in my life. I made a pledge to wait until marriage for sex and to follow Jesus as my Saviour and Lord.

The volunteer educator

My name is Puruch Julia Mychailivna, from ACET Ukraine. I first heard a lecture "AIDS, sex and relationships" in 2004. At the time I was touched by the topic and the opportunity to influence young people and to teach them the principles and values which I had chosen for myself.

Facts for Life operates in many countries throughout Europe, Africa and Asia. Visit www.acet-international.org for more details of our work.

Please Pray

Father God

My heart cries out to you for young people seeking relationships and love, but confused and perplexed by a world that seems to offer so much, but ultimately disappoints. I pray that, through ACET, millions more may find your way to healthy, godly relationships and be protected from the ravages of HIV and AIDS. In the name of your son, Jesus

Amen
